

Mohammed Muzwer

Product Designer - UI / UX

Profile

As a product designer, I have a passion for user experience / User interface design, and emerging technologies. I aspire to join an organization that values innovation, collaboration, and excellence. I am ready to face any challenge and work diligently to achieve organizational goals with cutting-edge techniques.

Work Experience

Jul 2022- Present

Exposure W.L.L I Riffa, Bahrain

User Interface Designer

I enjoy working as a user interface designer and facing new challenges every day. My job is to create interfaces that are intuitive, engaging, and user-friendly, while satisfying the requirements of the clients. I use various tools and techniques, such as wireframes, prototypes, mockups, and user testing, to design and refine the interface elements, such as layout, color, typography, icons, and animations. I have strong communication and collaboration skills, as well as a high sense of detail and aesthetics.

Feb 2021 - Jul 2022

Sharktank W.L.L I Riffa, Bahrain

Social Media Manager

As a social media manager, I'm responsible for creating, managing, and optimizing the online presence of a brand or organization. I will plan, execute and monitor social media campaigns across various platforms, such as Facebook, Google, Instagram, and Snapchat.

July 2018 - Feb 2021

Orkcomm I Chennai, India

Digital Marketing Specialist

I have extensive experience as a digital marketer, creating and executing successful digital campaigns that generate leads. I use a variety of tools and platforms, such as Google Ads, Facebook Ads, SEO, email marketing, and analytics, to reach the target audience and optimize the conversion rate.

May 2017 - July 2018

Orka Technologies I Chennai, India

Graphic / Website designer

worked as a graphic designer and website developer in creating stunning and responsive websites. I have a keen eye for design, color, typography, and layout, and I use the latest tools and technologies to deliver high-quality results.
